Guido's Premium Pizza in Novi
47964 Grand River Avenue
Novi, MI 48374

The Honorable Julius Genachowski, Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: DA 12-1863, IB Docket No. 12-340; RM-11683

Dear Chairman Genachowski:

I am the proud owner of a pizza shop based out of Novi, MI. SE Michigan is the home of several major pizza worldwide pizza corporations. Competition is tough, but we do well within our community because we offer food items that are unique. Competition is a good thing!

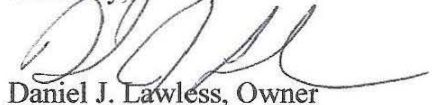

My community, my state and my country need more jobs. One area of job growth has been through the increased use mobile devices such as cell phones. In a relatively short period of time this industry has seen a dramatic amount of growth.

The FCC can continue that growth by approving LightSquared's request for a license modification. They have presented an innovative approach that will get them going while at the same time addressing the GPS issues that have arisen in the past. LightSquared should be commended and given the green light for this well thought out plan.

Thousands of jobs have been created in this industry and there are many more to come. The FCC has been a key player in this success story, but there is more to do such as approving LightSquared's proposal. With the number of jobs at stake, I hope the FCC will move in a very timely manner on this issue.

Thank you for your time.

Sincerely,

Daniel J. Lawless, Owner

Senator Carl Levin
Senator Debbie Stabenow
Congressman Gary Peters
